

Mentoring and Coaching Service

What is Mentoring and Coaching?

Our Mentoring and Coaching service is a high-octane supercharged level of member support that is individual and personalised. It goes well beyond the general information and support offered to you through our Member Support Information Line every day.

It is your individualised, one-on-one professional development. It is self-paced and co-designed to support leaders to grow professionally and develop skills that will assist in meeting best practice and regulatory compliance. These customised sessions ensure a program to meet professional learning outcomes.

Who is Mentoring and Coaching for?

Mentoring and Coaching is designed for new and experienced leaders, including,

- Directors
- Educational Leaders, and
- Committee Members.

These sessions support customised professional learning on a wide range of topics to meet your identified outcomes and are delivered by our skilled and trusted coaches. Our coaches have depth of experience as leaders in the early childhood education and care sector and are trusted leaders in the field. Each coach will establish a relationship based on trust and confidentiality with you to define the goals to be achieved and the measures of success.
