

Self-Assessment and Quality Improvement Planning In Early Childhood

A Practical Perspective

Training Package Outline

A brief overview of The National Quality Framework:

We will provide a brief overview of the National Quality Framework including key documents such as the National Law and Regulations, The Guide To The National Quality Framework, The Early Learning Years Framework and a quick look at each of the National Quality Standards. This will support educators and approved providers in understanding the Framework.

What is Self-Assessment & why do we do it:

We will explore the importance of self-assessment in achieving quality in early childhood.

Self-Assessment – the process:

We will investigate each of the elements of self-assessment and look at how we document and include the voices of all stakeholders in the self-assessment process. We will provide concrete examples of how you can document this process in your service.

The Self-Assessment in action – what does it look like:

A practical look at what self-assessment looks like in practice for services.

The Quality Improvement Plan – a brief overview:

We will provide practical tips on developing your quality improvement plan and consider the concept of planning for improvement.

How to link the Quality Improvement Plan & Self-Assessment:

We will look at how we develop, implement, delegate, monitor, and achieve improvements from the self-assessment process. Concrete examples are provided on how this can be achieved within the service, and links are made to the exceeding themes.

Delivery Mode Options

- Virtual: One 1.5hr virtual sessions
- Face to face: One 1.5hr Session
