

Meet our champions!

Alex Bailey – Service Manager, Little Legends by Busy Bees

I am the Service Manager of Little Legends by Busy Bees. During my time in the Early Childhood sector I have attained my Advanced Diploma and given my all in my career at Little Legends for the last 9 years.

I started off as a work place student where I was offered 2 days a week permanent whilst studying my Diploma which then soon lead to a full time position. Throughout my time at Little Legends I have held the role of Lead Educator, Educational Leader, 2ic and now Service Manager.

It is of utmost importance for myself to be a great mentor to those around me and lead a successful and cohesive team throughout our Service whilst ensuring that the children and families are our number one priority. We share journeys with families who have attended the Service for many years through many of their children and appreciate the special bonds that we have which allow us Educators and families to feel as if we are at home when attending the Service. I continue to strive each day to lead our team to success and it is always so heart warming to watch the Educator's journey be fulfilled with great success.
