

Early childhood guided learning packages

Dear services and providers,

The NSW Department of Education is pleased to announce the launch of [early childhood guided learning packages](#).

The early childhood guided learning packages have been developed by early childhood professionals and learning designers. They can be used to supplement learning at home for 3–5-year-old preschool children if they are not accessing their usual preschool or early childhood education due to COVID-19 restrictions. The packages can be used by early childhood teachers and educators when supporting families to engage with the child’s learning at home.

The packages contain a full week of learning activities such as shared reading, singing, physical movement, creative arts and include explicit teaching guidance and open-ended learning experiences for children. They link to The Early Years Learning Framework for Australia and support children in their transition to school.

A new package will be launched each Tuesday and will also be available as a [printable version](#). Find the first week of activities at [early childhood guided learning packages](#).

COVID-19 information seminar

You are invited to join us for a COVID information session next **Tuesday, 31 August at 12pm.**

If you registered for the previously scheduled COVID webinar, you will have received an email this afternoon with the updated details and do not need to re-register.

Registrations are now open for others who would like to attend.

At this session, we will share sector information and answer some frequently asked questions as we work together to respond to COVID-19. The webinar will be hosted by representatives from the NSW Department of Education's Early Childhood Education Directorate and NSW Health.

Educators, staff and providers are all welcome to join this free event.

If you haven't already registered, please [sign up now](#).

You can also view a range of information and current communication on the [ECED COVID-19](#) page.
