

## Roadshows - May 2022

Dear services and providers

Registrations are now open for the 2022 May Roadshows.

This year, Roadshows will be held virtually and each session will cover a range of different topics and include consultations, professional development opportunities and key sector updates.

The full program and registration details can be found on [Eventbrite](#).

We've also highlighted the individual sessions below. Sessions will not be recorded so we can ensure the information being accessed is current.

### BROWSE ALL ROADSHOW SESSIONS

#### **Get involved: Disability and Inclusion Program**

This session will showcase how the Sector Capacity Building Program arrangements will change from 1

#### **PD: Working with children who've experienced trauma**

This session will support early childhood education and care professionals to deepen their

July, provide an evaluation of the Disability and Inclusion Program and provide tips for completing funding applications for all service leaders and providers of eligible service types (community preschools).

understanding of child development through a trauma lens. The session will also provide evidence-based strategies to build the capacity of educators to continue to support and increase the child's resilience.

**Accreditation for teachers in early childhood services**

An update for early childhood teachers and service management on NSW teacher accreditation requirements. This session will also examine the standards guiding teachers to develop and maintain practice within their own teaching context.

**PD: Australian Early Development Census Data and what it means for you**

Explore how early childhood educators and service leaders can access and interpret the data from the 2021 Australian Early Development Census (AEDC) to meaningfully engage with their community and plan initiatives to improve outcomes for children.

**PD: Medical management plans**

Information for services leaders when responding to illness, injuries, allergies and health emergencies in a service and learn about notifications and reporting requirements.

**PD: Communicating with families**

Strategies for educators, service leaders and providers when having challenging conversations with families including the exploration of professional boundaries when communicating with families.

**Get involved: Quality Support Program**

Gain insight into the benefits of the Quality Support Program and how service leaders and providers can become involved. Learn about the Dual Program Pathway on offer from July 2022.

**Tell us: Sector development priorities**

This session will provide an update on how the department has used sector feedback to inform sector development plans, with a focus on the high quality teaching and learning project. We invite all educators, service leaders and providers from all service types to join and share perspectives in designing resources for the sector.

**PD: Compliance - Closing the loop**

This session targets service leaders and providers and will unpack what to expect if being breached including outcome letters and explanation breaches.

**Tell us: Improving participation and outcomes for children in the year before school**

Join to hear an update on what the department is doing to support services to improve participation and outcomes for children in the year before school and to provide your views on how to optimise the preschool year for our littlest learners.

**Brighter Beginnings: The State of Child Development in 2022**

**Preparing for Winter**

Join to hear how your service can

Join to explore ECEC and Health perspectives on the issues affecting child development today, and what educators and families can do to support children overcome any developmental delays. Educators, service leaders and providers from all service types will benefit from this session.

plan for winter this year through COVID-safe measures, guided by public health principles and Guest speaker Dr Archana Koirala from NSW Health.
